

2009 Northern Az Sustainable Living Workshops

Exhibitor Application

Welcome and thank-you for your interest in participating in the Northern Arizona Sustainable Living Workshops!

The Northern Arizona Sustainable Living Workshops is a grassroots event focused on community education and fun, an outreach to people of all ages, interests and backgrounds. Renewable energy, sustainable development and thoughtful decision making are crucial for the future of life on earth as we know it. This one day workshop event is a resource for people to learn more about how to incorporate sustainability into their lifestyles and personal choices.

The Workshops are an opportunity for you to share your knowledge, experience, products and services with people living in northern Arizona who are interested in a more sustainable lifestyle.

The Workshop event is about sharing knowledge and ideas, developing skills and understanding technologies that will help us respect and conserve the Earth's finite resources. It is our intent that the awareness, understanding, and skills that are developed through participation at this event will lead to our community to reducing the trend of resource depletion and increasing our activities related to replenishing, reusing, and recycling valuable resources.

We ask that as a sponsor, exhibitor or workshop teacher that you focus on educating and being a knowledgeable, collaborative resource for the workshop attendees. Our ultimate goal is to help foster a community in northern Arizona that will enjoy a productive and enjoyable lifestyle while using resources in an efficient and effective manner.
